Burnaby, BC Canada

If you want to know more on unique dome constructions, the following is a bibliography on shotcrete domes:

1. Taylor, G., "New Construction," *Sprayed Concrete, Properties, Design and Application*, S. A. Austin and P. Robins, eds., Whittles Publishing Services, Caithness, Scotland, 1995, pp. 276-296.
2. Hurd, M. K., "Shotcrete and Urethane Layered Inside Inflated Form," *Concrete Construction*, V. 33, No. 4, Apr. 1988, pp. 391-394.
3. Darby, M., "Spraydome for Bulk Storage to be Built in Northlands," *Concrete*, V. 19, No. 7, July 1985, p. 16.
4. Wilson, A., "Very Large Air-Formed Concrete Shells," *Concrete International*, V. 12, No. 8., Aug. 1990, pp. 21-23.
5. Zimmerman, J., "Air Formed Concrete Dome Structures," *Proceedings of the Third International Conference on Forming Economical Concrete Buildings*, SP-107, R. J. Cook, ed., American Concrete Institute, Farmington Hills, Mich., 1985, pp. 41-58.
6. South, D. B., "Economics and the Thin Shell Dome," *Concrete International*, V. 12, No. 8, Aug. 1990, pp. 18-20.
7. Heike, T. T., "The OBED-MARSH Dome for Union Oil Company of Canada Limited Thermal Coal Project, Near Hinton, Alberta," Alberta Chapter Seminar, American Concrete Institute, Farmington Hills, Mich., May 14-15, 1986.
8. Schupack, M. and Poston, R. W., "Durability of Prestressed Concrete Tanks Constructed with Dry-Mix Shotcrete," *Concrete International*, V. 11, No. 10, Oct. 1989, pp. 51-55.
9. Poston R. W.; McCarthy, D. J.; and Schupack, M., "Repair of Wire-Wound Prestressed Concrete Tanks," *Concrete International*, V. 14, No. 3, Mar. 1992, pp. 31-36.
