

Thank you for your interest in the ASA Certification Open Session April 7th-9th, 2021.

TO OBTAIN A CERTIFICATION -

The nozzleman must provide work experience history for the required amount of experience hours. There are four possible certification types: wet vertical, wet overhead, dry vertical and/or dry overhead.

Vertical – wet or dry:

Nozzleman-in-training – 25 hours

New Certification – 500 hours

Recertification – 1000 hours or must retake the written exam

Overhead – wet or dry: (must have vertical certification first)

New Certification – must have at least 100 hours of overhead + enough vertical hours to equal 500 hours total

Recertification – must have at least 200 hours of overhead + enough vertical hours to equal 1000 hours total or must retake the written exam

CERTIFICATION COST –

\$2,400 for first certification, \$2,100 for additional certifications (per person)

Cost includes classroom training, wet or dry, vertical or overhead certification, exam fees, all materials needed and coring for the Hands-on certification.

Exam Cost – \$505 - If an attendee only needs to take a written exam with no panel. This cost includes the classroom portion of the session and exam fee.

Classroom only - \$455 - Cost includes classroom portion of the session and a workbook.

CERTIFICATION DETAILS -

Day 1: The classroom training will take place Wednesday, April 7th, 2021, 7:30 a.m. – 4:30 p.m. Topics will include concrete and shotcrete materials, mixture proportioning, Shotcrete placement principles, environmental conditions and precautions, safety and testing.

Day 2: The hand-on portion will take place Thursday, April 8th, 2021, 7:30a.m. – 4:30 p.m. Attendees will shoot a panel and/or take the written exam required for each certification.

Day 3: The panels will be cored Friday, April 9th, 2021. This is not a required attendance day. However, attendees are welcome to attend while their panel is being cored.

MINOVA INTERNATIONAL LTD
