# ASA Outstanding Shotcrete Project Awards Subcommittee

Ryan Poole,  
Chair

Lars Balck

Ashley Cruz

Randel Emmrich

Jason Myers

Bill Drakeley

Thanks to the help of our generous sponsors, members of ASA will be gathering to celebrate excellence in our industry. For the past 18 years, our members, who make up the most innovative contractors, designers, manufacturers, educators, and suppliers in the industry, have submitted a wide variety of projects for consideration as an ASA Outstanding Shotcrete Project of the Year. These projects represent the combination of experience and innovation that make the shotcrete industry so creative and dynamic.

The ASA Project Awards Subcommittee met in the fall of 2022 to evaluate and select the winning project entries in several categories. This year, as in the past, selecting the winners was quite challenging due to the high quality of the shotcrete projects.

We urge all ASA members to begin thinking now about current shotcrete projects that may be worthy of consideration for the 2023 Outstanding Shotcrete Project Awards program. Let's make the outstanding projects you complete this year be the ones we celebrate at next year's ASA Awards Banquet! Look for a new entry application to open early spring.

**The 2023 Awards Program will accept projects completed between January 1, 2020, and September 1, 2023; multiple projects may be submitted from the same company.**

**The deadline for submissions is October 3, 2022.**

## The Outstanding Shotcrete Architecture | New Construction Project

**Highline Garibaldi Springs Rockscape Retaining Wall**  
British Columbia, Canada  
**Shotcrete Contractor** - Vancouver Shotcrete & Shoring Inc.  
**Architect/Engineer** - Fontera Geotechnical Engineers
