

CanCrete

CanCrete Equipment Ltd. proudly serves as Canada's exclusive Putzmeister dealer and a leading supplier of concrete pumping equipment, parts, accessories, and aftermarket support. With over three decades of expertise in the concrete industry, CanCrete has established a reputation for delivering high-quality products, exceptional customer service, and expert technical support.

Recognizing the evolving needs of their customers, CanCrete offers a diverse range of reliable and innovative concrete pumping solutions. Their equipment portfolio includes concrete boom pumps, trailer pumps, high-rise concrete placing systems, shotcrete pumps, grouting equipment, fireproofing pumps, mixers, OEM parts, and accessories.

No matter the application — whether it's shotcrete placement or beyond — CanCrete has the right tools for any concrete pumping project.

With locations across Canada in Surrey, BC; Calgary, AB; Mississauga, ON (HQ); Orangeville, ON; and Laval, QC, CanCrete provides seamless nationwide support to its customers.
